### INDEPENDENT AUDITOR'S REPORT

To the County Board Members  
Christian County, Illinois  
Taylorville, Illinois

#### **Report on the Financial Statements**

We have audited the accompanying modified cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Christian County, Illinois as of and for the year ended November 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position – modified cash basis of the governmental activities, each major fund, and the aggregate remaining fund information of Christian County, Illinois, as of November 30, 2020, and the respective changes in financial position- modified cash basis, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

## **Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

## **Other Matters**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Christian County, Illinois' basic financial statements. The information listed as supplementary information and other information in the table of contents are presented for the purposes of additional analysis and are not a required part of the basic financial statements.

## ***Supplementary Information***

The information listed as supplementary information in the table of contents is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

## ***Other Information***

The information listed as other information in the table of contents has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or any other assurance on it.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated May 12, 2021, on our consideration of Christian County, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide and opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Christian County, Illinois' internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Board Members  
Christian County, Illinois  
Taylorville, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller of the United States, the modified cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Christian County, Illinois, as of and for the year ended November 30, 2020, and the related notes to the financial statements, which collectively comprise the Christian County, Illinois' basic financial statements, and have issued our report thereon dated May 12, 2021.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Christian County, Illinois' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of Christian County, Illinois' internal control. Accordingly, we do not express an opinion on the effectiveness of Christian County Illinois' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether Christian County, Illinois' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an object of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Christian County, Illinois' internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Christian County, Illinois' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Christian County, Illinois (County) is a governmental entity located in Central Illinois that was created on February 15, 1839 by an act of the State Legislature. The County is governed by an elected 16-member board and provides the following services: public safety; tax collection; highways, roads and bridges; health and social services; public improvements; planning and zoning; corrections; public records; animal control; and general administration. Revenues are substantially generated as a result of taxes assessed and allocated to the County (examples would be property taxes, sales taxes, income taxes and motor fuel taxes) and charges for services performed for constituents of the County and others. County revenues are therefore primarily dependent on the economy within its territorial boundaries. Industry within the County is primarily agriculture, manufacturing and retail.

**Financial Reporting Entity**

For financial reporting purposes, the County is a primary government in that it is a county with a separately elected governing body - one that is elected by the citizens in a general, popular election and is fiscally independent of other units of government.

The County has developed criteria to determine whether other entities are component units of the County. Component units are legally separate organizations for which the elected officials of the County are financially accountable. The County would be considered financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will (significantly influence the programs, projects, activities, or level of services performed or provided by the organization) on the organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the County (i.e. entitled to or can access the organization's resources, is legally obligated or has otherwise assumed the obligation to finance deficits of, or provide financial support to the organization, or is obligated in some manner for the debt of the organization). If an organization is fiscally dependent on the County, then the County is considered financially accountable regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

Based on the foregoing criteria, there are no known organizations that meet the criteria to be considered as a component unit of the County.

**Related Organizations**

The County Board Chair and County Board make appointments to the governing board of a number of various other districts. Even though the County Board may appoint a majority of the members of the respective districts, the members do not serve at the direction of the County Board, that is, they can be removed only for cause. There are no indications that the County Board can impose its will over these districts and, therefore, has no financial accountability. These units are not considered component units of Christian County, Illinois.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Basis of Presentation**

Government-wide Financial Statements

The County's basic financial statements include both the government-wide and fund financial statements. The County's general and special revenue funds are classified as governmental activities. The County does not have any enterprise or internal service funds to report.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column. Fiduciary fund assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government.

The government-wide financial statements (the statement of net position – modified cash basis and the statement of activities – modified cash basis) report financial information for the County as a whole excluding fiduciary activities. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The County does not have any business-type activities. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include: (1) charges for services which report fees, fines, forfeitures, and other charges to users of the County's services; (2) operating grants and contributions which finance annual operating activities; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These receipts are subject to externally imposed restrictions to these program uses. Taxes and other items not properly included with program receipts are reported instead as general receipts.

Fund Accounting

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, receipts and disbursements. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are summarized by type in the basic financial statements. The following fund types are used by the County:

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Governmental Funds:

Governmental funds are those funds through which most governmental functions typically are financed. The acquisition use and balances of the County's expendable financial resources and the related current liabilities are accounted for through governmental funds. The measurement focus is on determination of "financial flow". The County's major governmental funds are:

General Fund - The General Fund is the primary operating fund of the County. It accounts for all financial resources of the general government, except those legally or administratively required to be accounted for in another fund.

County Motor Fuel Tax (MFT) Fund - This special revenue fund is used to account for receipts and disbursements pertaining to the general maintenance and construction of roads within the County by the Christian County Highway Department. These MFT funds are approved for use by the State of Illinois annually.

Other Governmental Funds:

Additional governmental fund types which are combined as nonmajor funds are as follows:

Special Revenue Funds – The Special Revenue Funds are utilized to account for specific revenue sources that are either legally restricted to expenditures for specified purposes or designated to finance particular functions or activities of the County.

Capital Improvement Fund – The Capital Improvement Fund is to be used for the repair, purchase and improvement of capital assets.

Debt Service Funds – Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general obligation bond principal, interest, and related costs.

Fiduciary Funds:

Fiduciary funds include private-purpose trust and agency funds. Private-purpose trust funds are used to report all trust agreements under which principal and income benefit individuals, private organizations, or other governments. The County's trust funds include drainage districts, township highway, bridge and motor fuel tax funds, community development assistance funds, and lab analysis funds. Agency funds are purely custodial (assets equal liabilities) and thus, do not involve the measurement of results of operations. Agency funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. The County's agency funds include funds used in the County's property tax collection, distribution and settlement process and include amounts held by the following offices: the County Collector, the County Clerk, the County Recorder, the Circuit Clerk, the County Sheriff, and other fee offices. GASB 34 requires the portion of these account balances pertaining to other funds of the County to be reported in the County funds, unless due to the timing of tax collections and related settlements those allocations have not yet been made.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fund financial statements are provided for governmental and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported in separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

**Basis of Accounting**

Basis of accounting refers to when receipts and disbursements are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the modified cash basis of accounting. Receipts are recorded when received and disbursements are recorded when checks are written or payment is made. Capital assets are capitalized when purchased and depreciation is recognized over the useful lives of the assets. Long-term liabilities are recognized when cash proceeds are received, or the liabilities are incurred.

Governmental fund financial statements are reported using the economic resources measurement focus and the modified cash basis of accounting. Receipts are recorded when received and expenditures are recorded when checks are written. Only assets representing a right to receive cash arising from a previous payment of cash are recorded as assets. In the same manner, only liabilities resulting from previous cash transactions are recorded as liabilities.

Fiduciary fund financial statements are also reported using the same focus and basis of accounting.

Financial statements prepared on the modified cash basis of accounting are not intended to present financial position and results of operations in accordance with accounting principles generally accepted in the United States of America.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Budgets and Budgetary Accounting**

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) At a regular or specially called meeting of the County Board in a time period from September to November, the proposed budget for the fiscal year commencing on the following December 1 is submitted. The budget includes proposed expenditures and the means of financing them.
- 2) Prior to or soon after December 1, the final budget is legally enacted through passage of an appropriation ordinance. The final budget may differ from the proposed budget by changes that have been made and approved by two-thirds of the County Board.
- 3) Transfers of budgeted amounts among object classifications, or any budget increases by means of an emergency or supplemental appropriation, require approval by two-thirds of the County Board members. The legal level of control is the fund level.
- 4) The budget is prepared on the modified accrual basis.
- 5) Annual budgets have been legally adopted and/or informationally presented to the County Board for review for the General Fund and Special Revenue Funds (except the following funds: Police Vehicle, Medical Cost, Coroner Fee, Drug Court, Warrant Fee, Animal Control).
- 6) All appropriations lapse at year-end.

During the year ended November 30, 2020 the County budget was not amended. There were no material budget violations for governmental funds.

**Common Cash Account**

Separate bank accounts are not maintained for all County funds. Instead, certain general and special revenue funds maintain their cash balances in a common checking account. Accounting records are maintained to show the portion of the common cash balance attributable to each participating fund.

Earnings on the common checking account are typically allocated to the General Fund, unless statutes require otherwise, or the County Board has authorized otherwise. These respective allocations are made based on the average balances of the funds.

Funds participating in the common cash account from time to time may incur overdrafts (deficits) in the account. These overdrafts result from expenditures which have been approved by the County Board and when reported, are reflected as amounts due to the respective "loaning" fund in the fund financial statements.

**Deposits and Investments**

For the purpose of financial reporting, "cash and cash equivalents" includes all cash on hand, demand, savings accounts, money market mutual fund accounts, and short-term investments or certificates of deposit with an original maturity date of three months or less. Cost equals fair value for all certificates of deposit, cash on hand, checking accounts, savings accounts, and money market funds. No certificate of deposit has a maturity past August 2022. The County is allowed to invest in securities as authorized by 30ILCS 235/2 and 235/6 of the Illinois Compiled Statutes. The County's investment policy is consistent with Illinois Compiled Statutes.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Notes Receivable**

The County as a participant in the State of Illinois, Department of Commerce and Economic Opportunity Community Development Assistance Program (CDAP) that was funded prior to October 1, 1992 loans funds as available to new or expanding businesses within the County in order to encourage growth. Notes receivable as stated are amounts due from one outstanding loan that has a maturity of October 2021. The State of Illinois has formally determined and communicated to the County that the CDAP program can be dissolved at any time and any remaining funds are available for unrestricted use.

**Inventory**

The County does not maintain inventories of supplies and materials.

**Interfund Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds" on the governmental funds' statements of assets, liabilities and fund balance – modified cash basis.

**Capital Assets and Depreciation**

The County's property, plant and equipment with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. Infrastructure assets acquired prior to December 1, 2003 are not included in the County's financial statements. Donated assets are stated at fair value on the date donated. The County generally capitalizes assets with minimum costs of: licensed vehicles, \$10,000; equipment, buildings and improvements, \$25,000; and infrastructure assets, \$250,000.

The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

Estimated useful lives, in years, for depreciable assets are as follows:

Buildings	40-90
Improvements, other than buildings	20
Computer Equipment	5
Furniture, Machinery, and Equipment	7-12
Vehicles	5-7
Infrastructure assets	40

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Capital Assets and Depreciation (Continued)**

Following is a summary of changes in capital assets for the year ended November 30, 2020:

	<u>Balance</u> <u>11/30/2019</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>11/30/2020</u>
Capital assets, not depreciated:				
Land and improvements	\$ 124,065	\$ -	\$ -	\$ 124,065
Construction/projects in process	<u>123,442</u>	<u>-</u>	<u>123,442</u>	<u>-</u>
Total capital assets, being depreciated	<u>\$ 247,507</u>	<u>\$ -</u>	<u>\$ 123,442</u>	<u>\$ 124,065</u>
Capital assets, being depreciated:				
Buildings and improvements	\$ 3,190,993	\$ 243,955	\$ -	\$ 3,434,948
Furnishings, equipment, vehicles	4,537,067	34,296	-	4,571,363
Infrastructure	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total capital assets, being depreciated	<u>\$ 7,728,060</u>	<u>\$ 278,251</u>	<u>\$ -</u>	<u>\$ 8,006,311</u>
Accumulated depreciation	<u>\$ (5,832,236)</u>	<u>\$ (188,784)</u>	<u>\$ -</u>	<u>\$ (6,021,020)</u>
Total capital assets, net of accumulated depreciation	<u>\$ 2,143,331</u>	<u>\$ 89,467</u>	<u>\$ -</u>	<u>\$ 2,109,356</u>

For the year ended November 30, 2020 depreciation expense was charged to functions/programs as follows:

General government	\$ 42,053
Judicial	-
Transportation	29,908
Public safety and corrections	76,041
Health and Welfare	37,742
Environmental	<u>3,040</u>
	<u>\$ 188,784</u>

**Compensated Absences**

County employees are entitled to paid vacations and comp time depending on job classification, length of service and other factors. The computed amounts of compensation for future absences at November 30, 2020, was approximately \$293,000. This liability is not included in the County's financial statements as they are prepared on the modified cash basis of accounting.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Long Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net assets – modified cash basis. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds.

In the fund financial statements, governmental fund types recognize the face amount of debt issued as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**Interfund Transfers**

The interfund transfers shown in the financial statements are categorized as operating transfers. Operating interfund transfers are those routine kinds of transfers made between funds due to the unique relationships between the funds involved. These transfers have not been recorded as loans with interfund repayment requirements.

**Equity Classification**

Net Position - Government-wide Statements

In the government-wide financial statements, net position represents the difference between assets and liabilities. Net position invested in capital assets consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by outstanding balances of borrowings used for the acquisition, construction, or improvements of those assets. Net positions are reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or limitations imposed on their use through enabling legislation.

Fund Balance Classifications - Governmental Fund Financial Statements

GASB 54, “Fund Balance Reporting and Governmental Fund Type Definitions”, requires fund balances on the governmental fund financial statements to be classified into the following five major classifications:

Non-spendable – Includes amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts.

Restricted – Includes amounts where constraints are placed on the use of resources by creditors, grantors, contributors, laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. At November 30, 2020 fund balance is restricted for debt service of \$848,214 and enabling legislation of \$9,169,491.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Equity Classification (Continued)**

Committed – Includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, such as a resolution by the County Board. Those committed amounts cannot be used for any other purposes unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. At November 30, 2020, the committed fund balance of \$234,892 is for capital improvements.

Assigned – Amounts that are constrained by the government’s intent to be used for specific purposes but are neither restricted nor committed. This intent can be expressed by the County Board or through the County Board delegating this responsibility to a board member through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.

Unassigned – This is the residual classification for the General Fund and includes the negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

The County would typically use Restricted fund balances first, followed by Committed resources, then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

At November 30, 2020, no County funds had a negative fund balance.

**Revenues and Expenditures**

Program Revenues:

In the Statement of Activities, receipts that are derived directly from each activity or from parties outside the County’s taxpayers are reported as program receipts. The County has the following program receipts in each activity:

General Government – Real estate tax penalties and collection fees, zoning permits, County Clerk fees, tax sale indemnity fees, fees for the automation of the County Recorder and Treasurer, miscellaneous fees and refunds. Grants for election equipment and supplies, and County officer salaries reimbursements from the State of Illinois.

Judicial – Court and other fees charged by the Circuit Clerk, States Attorney fees, Probation fees, County Law Library fees, and fees for the automation of the Circuit Clerk. Grants for judicial related salaries, victims/witness grants, automation and monitoring sexual offenders.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Transportation – Fees for the sale of materials and services to other governmental units and State of Illinois motor fuel tax allotments.

Public Safety and Corrections – Sheriff and prisoner fees, traffic and criminal fines, fees for electronic monitoring, prisoner’s medical costs and drug education. Grants for the purchase of equipment and supplies.

Health and Welfare – Animal control fees, fees for services provided by the County Health department, 911 fees and surcharge fees. Grants for health services provided to County residents, homeland security and 911 services.

Environment – Landfill solid waste tipping fees and landfill compliance enforcement.

All other governmental receipts are reported as general. All taxes are classified as general receipts even if restricted for a specific purpose.

**Property Taxes**

Property taxes attach as an enforceable lien on property as of January 1 of each year. The County's property tax is levied each year at the time the budget for the ensuing year is passed and is extended against the assessed valuation of the County on January 1. Taxes are levied prior to the last Tuesday in December of the prior year and are payable in two installments generally in July and September of the following year at the County Collector's office. Sale of taxes on any uncollected amounts is typically prior to November 30 and distribution to all taxing bodies, including County funds is typically also made prior to November 30.

Property tax revenues are recognized when they are received on the modified cash basis of accounting. Taxes levied and uncollected are not carried as an asset of the related fund.

Property taxes levied in 2019 are reflected as receipts in fiscal year 2020. Amounts not collected by the close of the tax cycle are either under tax objection or forfeiture. Distributions of these amounts are recognized as receipts in the year of distribution and receipt. Additionally, mobile home tax receipts are recognized on the cash basis due to uncertain availability until collection.

**Motor Fuel Tax Allotment**

Typically, the allotments of the County are received from the State of Illinois monthly. These allotments, however, may only be expended for specific projects that have been approved by the Department of Transportation, State of Illinois.

**Interfund Balances and Transfers**

As of November 30, 2020, the County had no interfund balances and interfund transfers from Debt Service (non-major fund) of \$348,676 were made to the General Fund (major fund) for \$322,030 and the Electronic Monitoring Fund (non-major fund) for \$26,646.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Use of Estimates**

The preparation of financial statements in conformity with an other comprehensive basis of accounting (OCBOA) used by the County requires management to make estimates and assumptions that affect certain reported amounts and disclosures (such as estimated useful lives in determining depreciation expense); accordingly, actual results could differ from those estimates.

**Subsequent Events**

Management evaluated subsequent events for disclosure through the financial statement issuance date of May 12, 2021.

**NOTE 2 – CASH AND INVESTMENTS**

Cash and Cash Equivalents and Investments as of November 30, 2020 consist of the following:

	Primary Government
Cash on hand and deposits with financial institutions	\$ 13,430,138
Investments - certificates of deposit	2,770,000
Sub-total governmental activities	\$ 16,200,138
Fiduciary funds:	
Cash on hand and deposits with financial institutions	\$ 2,119,947
Investments - certificates of deposit	500,000
Sub-total fiduciary funds	\$ 2,619,947
Total cash and cash equivalents and investments	18,820,085

**Custodial Credit Risk**

Custodial credit risk is the potential for a financial institution or counterparty to fail such that the County would not be able to recover the value of deposits, investments, or collateral securities that are in the possession of an outside party. The County's investment policy requires funds on deposit in excess of federally insured limits to be secured by some form of collateral, witnessed by a written agreement. None of the County's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts. Substantially, all County cash funds are in interest bearing accounts. The County considers all highly liquid certificates of deposit with an original maturity of less than three months to be cash equivalents.

As of November 30, 2020, all of the County's deposit balances in excess of federal depository insurance limits were held in accounts collateralized by securities held by the pledging institution in the County's name. None of the County's deposits were held in uncollateralized accounts.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 2 – CASH AND INVESTMENTS (Continued)**

**Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. It is the County's practice, to the extent possible, to attempt to match investments with anticipated cash flow requirements. None of the County's investments are highly sensitive to interest rate fluctuations. Certificates of deposit at year end all have a maturity date of less than three years.

**Concentration Risk**

Concentration risk is the risk associated with having more than five percent of investments in any issuer, other than with U.S. Government securities. County policy is to diversify its investments to the extent practical and within the confines of state statutes to ensure safety of the funds and to maximize return on investment. Such diversification will vary based on types of investment opportunities available from offering institutions. The County also takes into account the relative financial strength of institutions, and based on the County's review, does not believe it has any investments associated with a concentration risk.

**Credit Risk**

State statutes limit investment options as described in Note 1 to the basic financial statements. The County has no investment policy that would further limit its investment choices. Generally, credit risk is the risk that an insurer of an investment will not fulfill its obligation to the holder of the investment. This is typically measured by the assignment of a rating by a nationally recognized statistical rating organization. Due to the nature of the County's deposits with financial institutions, these deposits are not subject to credit risk rating.

**Foreign Currency Risk**

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair values of an investment or deposit. None of the County's investments are directly subject to foreign currency risk and the County's investment policy does no address foreign currency risk.

**Other Information**

During the year the County Treasurer serves in an agency relationship as the collector of property taxes. At any given point in the tax collection cycle, unsecured, uninsured deposits and investments may significantly exceed amounts at year-end. The County in these circumstances will arrange for the financial institution to pledge additional collateral. In addition, the policy to obtain securities to insure or collateralize deposits and investments throughout the year follows Illinois Compiled Statutes which state that uncollateralized deposits and investments shall not exceed 75 percent of the capital stock and surplus (net worth) of the financial institution.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 3 – RECEIVABLES**

Receivables at November 30, 2020, for the County's major funds and nonmajor funds consist of \$33,500 due to the General Fund from the County Clerk agency account for funds advanced to purchase revenue stamps. There has been no change to the balance for the current fiscal year.

**NOTE 4 – DEBT**

**Long-term debt**

The following is a summary of the County's Long-Term Debt transactions for the year ended November 30, 2020.

	Balance 11/30/2019	Term Borrowing	Repayments	Balance 11/30/2020	Due Within One Year
Taxable General Obligation					
Limited Bonds Series 2017	\$ 1,132,000	\$ -	\$ (111,000)	\$ 1,021,000	\$ 114,000
<b>Total</b>	<b>\$ 1,132,000</b>	<b>\$ -</b>	<b>\$ (111,000)</b>	<b>\$ 1,021,000</b>	<b>\$ 114,000</b>

**Taxable General Obligation Limited Bonds Series 2017:**

On December 19, 2017, the County Board approved an ordinance authorizing the issuance of Taxable General Obligation Limited Bonds, Series 2017 in the amount of \$1,241,000 to be repaid from the Debt Service Fund through an annual property tax levy with principal and interest repayment beginning December 15, 2018 and mature on December 15, 2027. The bonds have stated interest rates of 2.38% to 3.82%. Bond principal is payable December 15 each year, and interest is payable semiannually on June 15 and December 15, each year.

All long-term bonds and notes are payable as follows:

Year Ended November 30	Principal	Interest	Total
2021	\$ 114,000	\$ 32,750	\$ 146,750
2022	118,000	29,391	147,391
2023	121,000	25,769	146,769
2024	125,000	21,843	146,843
2025	129,000	17,562	146,562
2026	133,000	12,949	145,949
2027	138,000	8,016	146,016
2028	143,000	2,731	145,731
	<b>\$ 1,021,000</b>	<b>\$ 151,011</b>	<b>\$ 1,172,011</b>

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 5 - RETIREMENT PLANS**

**Illinois Municipal Retirement Fund**

General information about the pension plan:

*Plan description*

The County's defined benefit pension plan provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The County's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multiple-employer public pension fund. A summary of IMRF's pension benefits is provided in the "benefits provided" section below. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available comprehensive annual financial report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at [www.imrf.org](http://www.imrf.org).

*Benefits provided*

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1.67 percent of the final rate of earnings for the first 15 years of service credit, plus 2.00 percent for each year of service credit after 15 years to a maximum of 75.00 percent of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3.00 percent of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1.67 percent of the final rate of earnings for the first 15 years of service credit, plus 2.00 percent for each year of service credit after 15 years to a maximum of 75.00 percent of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of: 1) 3.00 percent of the original pension amount, or 2) half of the increase in the Consumer Price Index of the original pension amount.

**Illinois Municipal Retirement Fund (Continued)**

*Employees covered by benefit terms*

As of December 31, 2019, the following employees were covered by the benefit terms:

	<u>RP</u>	<u>SLEP</u>	<u>ECO</u>
Retirees and beneficiaries currently receiving benefits	135	35	18
Inactive plan members entitled to but not yet receiving benefits	105	8	0
Active plan members	<u>94</u>	<u>20</u>	<u>0</u>
Total	<u><u>334</u></u>	<u><u>63</u></u>	<u><u>18</u></u>

*Contributions – Regular Plan*

As set by statute, the County’s Regular Plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires the County to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County’s annual required contribution rate for calendar year 2019 was 8.75 percent and for calendar year 2020 is 11.93 percent. For the fiscal year ended November 30, 2020, the County contributed \$454,501 to the plan. The County also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

*Contributions – SLEP*

As set by statute, the County’s SLEP Plan members are required to contribute 7.50 percent of their annual covered salary. The statute requires the County to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County’s annual required contribution rate for calendar year 2019 was 16.98 percent and for calendar year 2020 is 21.19 percent. For the fiscal year ended November 30, 2020, the County contributed \$259,939 to the plan. The County also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

*Contributions – ECO*

As set by statute, the County’s ECO Plan members are required to contribute 7.50 percent of their annual covered salary. The statute requires the County to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. No ECO wages were paid during calendar year 2019 or fiscal year 2020. The County was required to make a monthly minimum contribution of \$8,118 for 2019 and \$8,869 for 2020. For the fiscal year ended November 30, 2020, the County contributed \$105,681 to the plan. The County also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 5 - RETIREMENT PLANS (Continued)**

**Illinois Municipal Retirement Fund (Continued)**

*Contributions – Other Information*

During the fiscal year ended November 30, 2020 the County did not make any additional/elective employer contributions to any of the plans.

**Social Security**

Employees not qualifying for coverage under the Illinois Municipal Retirement Fund (IMRF) are considered “non-participating employees”. These employees and those qualifying for coverage under IMRF are covered under Social Security. The County paid \$417,400, the total required employer contribution for the fiscal year.

**NOTE 6 – OTHER POST-EMPLOYMENT BENEFITS**

**Retiree Health Insurance**

As required by the Illinois Municipal Retirement Fund (IMRF,) the County offers health insurance coverage to retirees. The cost for retirees to purchase coverage is the same as the amount active employees pay however, all retirees health insurance premiums are paid by the retiree. The County finances the plan on a pay-as-you-go basis. Accounting standards require numerous disclosures about post-employment benefits, including amounts that can only be determined through an actuarial study. The County has not had an actuarial study done to determine the cost of including retirees in the group’s health insurance plan, therefore, amounts that should be disclosed have not been determined as of November 30, 2020.

**NOTE 7 – RISK MANAGEMENT**

The County is exposed to various risks of loss including but not limited to general liability, property casualty, auto liability, workers’ compensation, and public official liability. To limit exposure to these risks the County purchased commercial insurance for all coverages except workers’ compensation. The County participates in the Illinois Public Risk Fund (IPRF), Illinois’ largest self-insured pool, for workers’ compensation coverage. The County has pooled their workers’ compensation exposures with over 500 public entities and governmental agencies. Members of the pool must be public entities or governmental agencies located within the State of Illinois, are required to participate in a loss prevention and claims management program and must have favorable loss experience and be approved by the Board of Trustees of the Fund. A Board of Trustees elected by Fund participants oversees the operation of the Fund and governs it in accordance with State of Illinois rules and guidelines. Eighty percent of each IPRF premium dollar is added to the loss fund while 20% is allocated to the purchase of excess insurance and administration costs. All investment earnings accrue to the fund. Profits are based on the underwriting surplus realized by the group and members share in the surplus based upon individual and overall member claims experience. There has not been a significant reduction in the County’s insurance coverage as of November 30, 2020. Also, there have been no settlement amounts which exceeded insurance coverage in the past three years.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 8 – LEGAL DEBT MARGIN**

Equalized assessed valuation - tax year 2018	<u>\$ 606,460,928</u>
Debt limitation - 5.75% of equalized assessed valuation	\$ 34,871,503
General obligation bonds outstanding	<u>\$ 1,021,000</u>
Legal debt margin	<u>\$ 33,850,503</u>

**NOTE 9 – TAX ABATEMENTS**

Within the County several local governments are parties to Tax Incremental Financing Districts (TIF) and Enterprise Zone Abatements. For all taxing bodies within the County, TIF Districts and Enterprise Zone Abatements reduced total equalized assessed values by \$5,081,521 and \$1,055,234 respectively which resulted in a reduction of current taxes extended to all taxing bodies of the County of \$424,535 and \$70,113 respectively for the tax levy year 2019 that was collected in 2020.

**NOTE 10 – COMMITMENTS, CONTINGENCIES, AND SUBSEQUENT EVENTS**

Federal and State Grants:

In the normal course of operations, the County receives grant funds from various Federal and State agencies. These grants are subject to review and audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

Economic Dependency:

The County is dependent upon specifically, the economic climate and taxpayer base of Christian County and in general the overall economic climate of the State of Illinois for a significant portion of its revenues. The County Public Health Department is economically dependent on State and Federal funding for several programs.

Litigation:

The County is party to various legal proceedings which normally occur in governmental operations. These proceedings, in the opinion of various legal counsel which the County utilizes and management, are not likely to have any material impact on the affected funds of the County within the next fiscal year.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS**  
**FISCAL YEAR ENDING NOVEMBER 30, 2020**

**NOTE 10 – COMMITMENTS, CONTINGENCIES, AND SUBSEQUENT EVENTS (Continued)**

Election Voting Equipment

The County entered into an election service contract with Liberty Systems in December 2019 for the lease/purchase of new voting equipment (machines, equipment, supplies). The initial lease period is for 6 years and the County paid the entire initial lease amount upfront at a cost of \$322,030 in December 2019. The agreement also provides for an extended term option of 2 years at \$106,848 that would allow the County to own the equipment at the end of the extended term.

Aerial Imagery Licensing

The County entered into a multi-payment agreement with Pictometry International Corp. for imagery licensing purposes including costs for County aerial mapping. The County made the first of three payments of \$41,278 in December 2019 and the remaining payments are expected to approximate the first payment over the next two years.

Illinois County Insurance Trust Termination:

Effective July 1, 2015, the County elected to terminate their membership in the Illinois County Insurance Trust. Claims incurred prior to and settled subsequent to June 30, 2015 will be paid in accordance with the terms of the Trust Agreement. In accordance with the Trust Agreement, cumulative unpaid losses and loss expenses, which may exceed the net position of the Trust, may result in additional assessments levied to the member (or former member) counties relative to their applicable percentage of investment in the Trust. Based upon the most recent information provided by the Trust, no material assessments were indicated within the next twelve months. No provision or estimate for assessments has been included within the financial statements at this time.

**CHRISTIAN COUNTY, ILLINOIS**  
**NOTES TO BUDGETARY COMPARISON SCHEDULES**  
**NOVEMBER 30, 2020**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Budgets and Budgetary Accounting**

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) At a regular or specially called meeting of the County Board in a time period from September to November, the proposed budget for the fiscal year commencing on the following December 1 is submitted. The budget includes proposed expenditures and the means of financing them.
- 2) Prior to or soon after December 1, the final budget is legally enacted through passage of an appropriation ordinance. The final budget may differ from the proposed budget by changes that have been made and approved by two-thirds of the County Board.
- 3) Transfers of budgeted amounts among object classifications, or any budget increases by means of an emergency or supplemental appropriation, require approval by two-thirds of the County Board members. The legal level of control is the fund level.
- 4) The budget is prepared on the modified cash basis.
- 5) Annual budgets have been legally adopted and/or presented to the County Board for review for the General Fund and Special Revenue Funds (except the following funds: Police Vehicle, Debt Service, Coroner Fee, Drug Court, Warrant Fee, Animal Control).
- 6) All appropriations lapse at year-end.

During the year ended November 30, 2020 the County budget was not amended. Expenditures did not exceed budgeted amounts in any major funds for the year ended November 30, 2020.
